Atlanticists Use Uganda Raid To Destroy Nat'l Sovereignty

A sequence of hideous statements and interrelated staged "events" emanating from Atlanticist spokesmen and media conduits internationally in the direct aftermath of the Israeli commando intervention into Uganda has publicized to the saturation point the express goals the Atlanticists wish imminently to achieve with their pre-planned "Israeli state counter-terror precedent" accomplished crime. The goals, as publically declared by US Secretary of State Henry Kissinger, international Atlanticist editorial conduits, and the Atlanticists' satrap government in West Germany, can be succinctly summarized as follows:

1) The 'Law of the Jungle' precedent established by the Uganda Affair — pre-planned and run through IPS in collaboration with Israeli warhawks of the Dayan-Peres clique, is to be not merely praised and envied, but operationally emulated in future "counter-terror strikes" directed out of member countries of the NATO Bloc against any Third World nation-target which Atlanticist discretion may choose to "define" as "aiding" or "harboring terrorists".

2) This new doctrine of "State Terror" would be codified under a set of Nazi model "statutes" garbed in the cloak of an "international pact against terrorism", containing explicit "limitations on national sovereignty" provisions which would constitute, if implemented, the total overthrow of civilized international law and conduct.

The West German government in its present miserable capacity as pathetic underlings to the Kissinger-IPS-State Terror policy, has to date well-deserved the accolades accorded to it by the highest Intelligence sources in this country, who have conferred on the Federal Republic the title of the "leading state-terror nation in the world."

The Bonn government makes no secret of the role it has been handed. Immediately following the Entebbe raid, the spokesman for Chancellor Helmut Schmidt, Klaus Boeeling announced that Bonn has drafted an "international pact against terror" (conforming to the primary features we have already taken note of) which would be presented to the United Nations as an EEC initiative. This announcement occurred also during the course of an ongoing meeting between Chancellor Schmidt and French President Giscard d'Estaing along with two leading European representatives who double as Interior Ministers; Maihofer of West Germany and Poniatowski of France. At the conclusion of these talks, the West German government announced that it already had the support of the Justice Ministers of 17 OECD nations for the "pact" that would "necessitate limitations of national sovereignty". Sandwiched between these developments, West German Justice Minister Vogel, stated that as far as West Germany was concerned, the Israeli "precedent" had already changed international law. Vogel declared that the Bonn government viewed the Israeli action as "legal and justified" under "international law".

The leading Atlanticist controlled dailies in West Germany thundered approval. The Frankfurter Allgemeine Zeitung, Die Welt etc., all wrote editorially, after fully praising the Israeli raid: "the rights of individuals take precedence over

the rights of nations", coupled with war whoops of "sanctions against the harborers of terrorists", fraudulently naming as "the criminal nations" Libya, Somalia, South Yemen and so on. This furorline, like almost everything else printed in the Federal Republic's leading dailies cannot be labelled "Made in Germany," as mere referencing of the total correlation of the "line" with Kissinger's Chicago speech before the Council on Foreign Relations this week, and the sanctions line demanded by Rockefeller tool Sen. Jacob Javits before the Ralf Bunch Institute Conference on Terrorism last month in New York City.

"Terror Counter-Terror"

Amidst this international 'rule of the outlaws' onslaught, the IPS scenario for fascist police state rule in West Germany is proceeding. High US Intelligence sources relate that the scenario entails bringing the BRD "step-by-step to fascism", around complementary step-wise escalations of terror escalations of terror-counter-terror operations. These sources predicted that through the terror side of the IPS international capability, a terror escalation under the direction of IPS-CounterSpy would occur. The opening phase of this has come to pass.

On Wednesday morning, the West German government announced that 4 women associated with the Interpol-NATO created "Baader-Meinhof" terrorists had "escaped" from a West Berlin prison. The same day, the first "leak" in the controlled national press —and in this case from the IPS line paper, the Frankfurter Rundschau— reported that the "PFLP" would strike back against West Germany" —the being 'terrorists' revenge on the way'. (This despite the fact that the PFLP had nothing to do with the hijack). The following day, this "revenge of the terrorists" line appeared throughout.

Information acquired thus far from the public record on the matter of this "escape" corroborate the intelligence sources' naming of IPS-CounterSpy as directing this new phase of terror. In the week prior to the "escape," high-level IPS operative and CounterSpy editor Winslow Peck was in West Berlin twice, capping an extended stay of approximately one months' duration in the Federal Republic, etc. More direct damning evidence is to be found in West Berlin newspapers carrying the small article that the Bundeskriminalamt (BKA) had sent a "warning" to the West Berlin Justice Authorities, concerning the "heightened danger of prison escapes".... "right before the escape". This announcement, coming from the BKA, which is under direct top-down control, alone warrants an immediate investigation of IPS-BKA in conjunction with planning and carrying out the escape. The presence of Peck in West Berlin at the same time, especially viewed in conjunction with the public record — as published in the Ruhr Nachrichten of June 25 — confirmation that Peck has been in the BRD and West Berlin for Baader-Meinhof support activities, including offering himself as a defense witness for the terrorists now on trial, provides enough "leads" so that rapid-fire honest police detective work would render defunct the entire terror network in the

country. The aiding and abettance of IPS's crimes by their Bonn government underlings and the related media cover up of the relevant facts, have sabotaged any such prospects to date.

Among the many illegalities pertaining to the BKA's involvement in this West Berlin caper, is the fact that it constitutes a violation of the Four Power Agreement respecting the status of West Berlin, as juridically the BKA is, in spite of itself, a West German body, and has no right to operate outside the territory of the Federal Republic. Very curious indeed. Loyal stalwarts in Bonn, not only protect and harbor terror controllers like Peck etc., and their networks within

the BRD, but go out of their way to free IPS-controlled terrorists abroad.

On another concluding count, the West German government's adumbration in stupidity braying the Atlanticists' new "modified" international law line, sanctioning armed interventions, contains an irony that the junior Yankees of the Rhineland may have overlooked. By current West German definition of law, for example, the German Democratic Republic would be fully entitled to direct an armed raid on the BRD to secure the return by force of individuals including those convicted of murder in the GDR, who reside in West Germany, harbored by a government which refuses to extradite murderers.

Agents Move To Cover Tracks

Interpol-IPS Running Boston Terrorism

July 10 (NSIPS) — The July third arrest of terrorist Joseph Aceto for possession of dynamite outside a Massachusetts State police barracks and the subsequent recovery of nearly 2,000 pounds of dynamite by local officials confirms that the Institute for Policy Studies and the Treasury Department's domestic Interpol, the Alcohol Tobacco and Firearms Division jointly control the wave of terrorist attacks that have wracked the Boston area since early May. Early press reports on the seized dynamite cache, which have since been removed from all news media, confirm that the same dynamite supply was used by a single terrorist pool in bombings claimed by both the "Sam Melville-Jonathon Jackson Brigade," born out of the IPS controlled New England prison reform movement and by the ROAR-related South Boston Defense League.

Shortly after this crucial evidence emerged, ATF director Rex Davis personally deployed to Boston on July 8 to announce "Operation Cue," a new plan to bolster the ATF deployment in Boston from 43 to 78 in-place agents and effectively take control of the terrorist roundup away from local Massachusetts state and city police officials who have carried out the significant arrests of terrorists in the last week. At the Davis press conference July 8, a high Massachusetts state official revealed that "the FBI and ATF had Aceto and three others under surveillance for several weeks, but if it wasn't for the State Police, the Topsfield Massachusetts barracks would have been blown up ... The ATF and FBI were content to just surveil."

Davis' move is a direct attempt to block the release of any further details of the IPS and ATF control of the Boston terrorist networks. Such information would have an immediate national impact.

Left-Right Hoax

Following the arrest of Aceto, Boston police seized 600 pounds of dynamite at the home of Everett Carlson who is being held on \$300,000 bail. Both Aceto and Carlson, as well as Richard Picciarelli and Edward Gullion, two others who were with Aceto on July 3 and are still being sought, are ex-prisoners from Maine's Thomaston prison and members of the

Massachusetts Statewide Coalition Against Racism (SCAR). Both Aceto and Carlson had in their possession literature from the Sam Melville-Jonathon Jackson Brigade terrorist organization — the same IPS-created grouping which carried out a bloody courthouse bombing in Boston on May 11.

SCAR was founded and run by IPS Director Marcus Raskin's New England outpost, the Cambridge Policy Studies Institute through the New England Prisoners Association (NEPA). An umbrella group includes most of the counter-gang formations that were slated to carry out the Levi-IPS July 4 terrorist scenario, NEPA has its policy formulated by MIT linguistics brainwasher Noam Chomsky and IPS-fellow, "ex" Weatherman, Eric Mann.

All the elements uncovered in this week's roundup of Boston terrorists expose the guts of an operation which is striking similar to one in the Reading, Pa. area. The Reading operation was exposed last year by the U.S. Labor Party as a major supply depot for both right and left wing terrorists through a single joint pool of the Ku Klux Klan and the Maoist Revolutionary Union. Dynamite from Reading was used in the Pontiac Michigan bus bombing in 1972. Despite ample evidence from informants within the Reading network, the ATF which provided some of the money and explosives failed to arrest or move to shut down the networks.

As in the Reading case local prisons are a prime spawning ground for the terrorist footsoldiers. Through the use of behavior modification, sensory deprivation and small group brainwashing techniques, prisoners are broken and turned into "revolutionaries" — exactly the process that produced the Symbionese Liberation Army (SLA) at the notorious Vacaville brainwashing center in California. Thomaston prison itself was investigated by the Maine Board of Corrections where the presence of cocaine and guns among prisoners was rampant a key element in recruiting prisoners to ATF controlled counter-gangs.

Who Protects Whom?

There is no doubt that the terrorists were under the protection of the federal agencies that were allegedly investigating
