EIR

From the Managing Editor

“The gods visit the sins of the fathers upon the children.” These words, written by the Greek playwright Euripides some 2,500 years ago, are just as true today, if one understands that by the “gods,” we mean the oligarchical system, which is now shattering what remains of the lives and cultures of the nations of the trans-Atlantic region. Our *Feature*, “The British Empire’s Concentration Camps vs. Glass-Steagall,” documents the destruction, especially of youth, in Southern Europe (and now underway in the U.S. as well), by the imperial predators, whose murderous austerity measures are wiping out the future for entire generations. But now, a backlash has erupted, inspired and led by the international LaRouche movement, as letters, e-mails, etc., begin to flood the U.S. capital, from leading figures from around the world, demanding that the U.S. Congress pass Glass-Steagall, as the necessary first step to recovery. We publish just a few of these this issue.

The focus of this international activity is LaRouchePAC’s Week of Action in Washington (*National*), whose guide is Lyndon LaRouche’s urgent message: “Get Glass-Steagall enacted now, or you’re as good as dead.” Organizing teams are blanketing the capital with the May 1 Call To Action, to immediately pass HR 129—the revival of FDR’s Glass-Steagall Act. At the same time, the walls are closing in on Obama, as calls for impeachment reach a crescendo, and Congressional hearings begin this week begin on some of his most egregious crimes, which we have documented here.

Helga Zepp-LaRouche exposes the “Fake Anti-Euro Party,” in *Economics*, followed by the first part of a fascinating discussion by Dr. Robert Zeigler, head of the International Rice Research Institute, on how to vastly increase the food supply to support a growing world population. A welcome antidote to the greenie/depopulation fanatics! In *International* the clash between the war party, with Israel’s airstrike on Syria being the latest escalation, and the war-avoidance party, reflected in the finding by Judge Carla Del Ponte, that it is the *rebels who are using chemical weapons in Syria, not the government*. There are also reports on the Afghanistan/Pakistan crisis, and on a LaRouche movement breakout in the Philippines.
