

# Grounds for Impeachment

*As pointed out by numerous legal scholars, Barack Obama has already penetrated more impeachable offenses than Richard Nixon, in his assertion of dictatorial powers against the Constitutional requirements of law. The leading such offenses follow.*

*There is a strong argument to be made that Obama is also guilty of treason, due to his alliance with avowed enemies of the United States, including, but not limited to al-Qaeda, and its sponsors, Saudi Arabia and the British monarchy. In addition, he has “acted in a manner contrary to his trust as President and subversive of constitutional government to the great prejudice of the cause of law and justice and to the manifest injury of the people of the United States” (one of the counts against Nixon).*

*The following counts are self-evident:*

**Count 1:** Violation of Article I, Section 8, the Constitutional provision that Congress has the unique responsibility to declare war, through his preemptive war against Libya without Congressional approval.

**Count 2:** Prosecution of aggressive war in pursuit of regime change in Libya, an action explicitly condemned as a war crime by the post-World War II Nuremberg Tribunal, and in treaties signed by the United States.

**Count 3:** Violation of the Fifth Amendment to the U.S. Constitution, the “due process clause,” through

his murder of American citizens, including Anwar Al-Awlaki, his 16-year-old son, and Samir Khan.

**Count 4:** Violation of the Fourth Amendment to the U.S. Constitution, the “right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures,” through the expansion of the Bush/Cheney program of warrantless interception of electronic communications of millions of Americans.

**Count 5:** Conspiracy to commit Crimes Against Humanity, through the crafting and promotion a health-care “reform” which he, and his co-conspirators “knew or should have known” would lead to the “inadequate provision of surgical and medical services” to large sections of the population, and lead to an increase in the death rate among those considered to have have lives “not worthy to be lived.”

**Count 6:** Conspiracy to violate the separation of powers provision of the U.S. Constitution, Title I, Sections 7 and 8, through pre-emption of Congress’s powers, on behalf of imposing fascist austerity programs, and the express intent to continue that policy.

**Count 7:** Conspiracy to commit the United States to an international genocide policy, through embracing a Green depopulation agenda, which includes the destruction of the high-technology capabilities of the United States, especially NASA.

**Count 8:** Conspiracy to destroy the sovereignty of the United States, through acting to cede U.S. sovereign powers to institutions loyal to the British Empire, and supranational institutions such as the International Monetary Fund.
