

British Frantic To Destroy Trump

Jan. 31—The mass demonstrations against President Trump, and the 24/7 news coverage denouncing him, are not only hypocritical, but demonstrate that the British are becoming hysterical that they might potentially lose control of the United States. Since the death of Franklin Roosevelt, and especially since the British assassination of John F. Kennedy, the British system has taken firm hold in Washington. While Wall Street seized full control over the nation's economic policy, using British "free trade" to replace Hamiltonian directed credit, the British also used the United States as the "dumb giant" to wage colonial wars on behalf of London and Wall Street, from Vietnam to the perpetual wars against sovereign, peaceful nations in the Mideast under both Bush and Obama. This sustained the imperial division of the world into East vs. West, leading to Obama's final efforts to provoke a U.S./NATO war against Russia and China.

Now Donald Trump raises the possibility, however remote, of the overturn of the imperial system, with his statements which could imply:

- Establishing a partnership with Russia to defeat the terrorist scourge (itself a creation of the British and their controlled monarchy in Saudi Arabia),
- Ending the free-trade policies which saw the West shut down its own industries while exploiting cheap labor in the underdeveloped nations,
- Ending the anti-growth and anti-science hoax of global warming, and
- Promising to restore the American System of economics through Glass-Steagall to rebuild American industry, infrastructure, and scientific research.

It is far from certain that Trump will fulfill these indications, but the implied threat itself has sent chills through the blue blood of the British Monarchy.

Now, the British "Stop the War Coalition" is leading protests against the very person who campaigned for office against Obama's perpetual warfare! British agent George Soros is funding mass demonstrations against Trump in the United States for supposedly being anti-Muslim, while supporting Obama, who killed tens of thousands of Muslims and drove millions of Muslims out of their homes. Trump is de-

nounced as "anti-science" for rejecting the fruitcake Prince Charles and his environmental fantasies, and calling for renewed space exploration and real scientific research.

Maybe the most vulnerable Achilles heel of the new President, has been his choice of the anti-Glass-Steagall banker (and serial forecloser) Steven Mnuchin to be his Treasury Secretary. A mass mobilization by LaRouche PAC supporters and others is under way to stop the Mnuchin confirmation, aimed at thrusting the Glass-Steagall issue into the forefront of the politically chaotic situation. Given Mnuchin's 15-year association with George Soros, Republicans should also understand why his confirmation must be stopped.

Will Americans and Europeans capitulate to the fascist concept that if an American leader were to oppose colonial wars and commit to industrial progress, that this would oppose "Western values?" For years, the Anglo-American oligarchy and their press whores have peddled the lie that Russian and Chinese "aggression" must be stopped to save "western values," when in fact Russia and China have taken the lead in fostering the historic but discarded values of Western civilization—providing security and prosperity for their own people, and, through the New Silk Road process, taking that security and prosperity to the rest of the world. The United States, meanwhile, has fallen into mass unemployment and underemployment, the collapse of manufacturing, an unprecedented drug epidemic, and profound cultural decadence—while under President Obama the nation has been in perpetual warfare, with Obama proudly drawing up a drone "kill list" on a weekly basis. Was this "Western values?"

The moment is pregnant with potentialities, for a new paradigm uniting the world's peoples in a new Renaissance, based on science and the best of each nation's Classical culture. This will not come from Donald Trump; but the fact that he questions some of the rules of the British Empire, and might work with Russia and potentially also with China for world development, provides the basis for the world to respond to the historic leadership of Lyndon LaRouche for a new, truly human world.
