
SCHILLER INSTITUTE CONFERENCES

Stop Global NATO's War Drive! Build a New Security and Development Architecture!

May 22—The Schiller Institute is sponsoring two events, on May 25 and May 26, which must be watched and circulated widely to counter the insanity of the NATO drive for war with Russia and China. Two widely circulated reports from the UK are now demanding escalation of the confrontation with both Russia and China: The Henry Jackson Society is demanding total “decoupling” and economic warfare against China; while the Royal United Services Institute (RUSI) is calling for directing the NATO-armed Ukraine to retake Crimea, forcing a nuclear showdown with Russia, arguing that “a nuclear crisis of this sort could make it easier for leaders to make difficult compromises.” Such madness must be stopped!

No to Sweden and Finland Joining NATO!

Wednesday May 25

The Swedish and Danish Schiller Institutes will be co-hosting this live webcast, in English, asserting that what is needed is a new security and development architecture for all nations, not a strengthening of geopolitical blocs. The conference is also calling for a “No” vote in the June 1 Danish referendum on abolishing Denmark’s opt-out from the European Union’s Defense policy.
